The Queen personally spoke to Kate, 33, and warned her about the potential dangers of a home birth, said the source.

"She was horrified and pointed out they must not take risks with a baby who one day will be second in line to the throne," the source added.

"It was a shock to Kate that the Queen was so concerned. Her message left Kate in no doubt that this wasn't so much a request, but an order!"

**WILLIAM TRIED TO** persuade his grandmother that Kate's medical team was confident a home birth would not present any danger.

But the 88-year-old royal – who gave birth three times at Buckingham Palace and was herself born at her grandfather's home – "could not be swayed," said the source.

The little princess will now come into the world in the Lindo Wing of London's St. Mary's Hospital in Paddington, under the care of surgeon and gynecologist Dr. Alan Farthing.

After that, Kate will take charge. "She'll look after the baby herself without the aid of maternity nurses or nannies for at least six months," revealed the insider.

"She and William have vowed that the baby will be raised by Mom and Pop – just like any regular couple."

# BRITNEY BEAU BLASTED!

**He's using her as a 'door opener,' says pal of Spears' ex**

**B**RITNEY Spears' former husband is slamming her new boyfriend as an "opportunist!"

The pop star's ex, Kevin Federline, was shocked when Britney, 33, confided she wants to marry reality TV writer and producer Charlie Ebersol, sources told *The National ENQUIRER*.

They began dating in October after Britney's previous squeeze, David Lucado, reportedly cheated with a porn star.

"To Britney, Charlie looks like a knight in shining armor. He rescued her after she found out her last boyfriend cheated on her openly, and made a fool of her," a family insider told *The ENQUIRER*. "But Kevin believes Charlie is using Britney to gain fame and open

doors for him."

Charlie, 32 – the son of high-powered NBC executive Dick Ebersol and actress Susan Saint James – has called Britney his "favorite thing in the world," saying that she inspires him every day and makes him "want to get up and be better."

But that's exactly what worries Kevin, said the insider.

"Charlie really hasn't made as big a name for himself in the producing world as he would have liked," said the source.

"He'd like everyone to believe he's in this relationship for the right reasons, but the truth is he's career driven. Kevin sees Charlie as an opportunist."

Britney, who is worth an estimated \$58 million, shares sons Jayden and Sean with Kevin. They divorced in June 2007.

**T**HE Hollyweird love story of rocker Chris Martin, estranged wife Gwyneth Paltrow and his girlfriend Jennifer Lawrence has gotten wilder – with the "Hunger Games" beauty now reuniting with ex-boyfriend Nicholas Hoult!

"Jen is definitely two-timing Chris with Nick!" an insider exclusively told *The National ENQUIRER*. "They got together when Nick was in L.A.

in January to promote his new 'Mad Max' movie."

The 24-year-old Oscar winner and Nick, 25, split in early 2014 after three years together.

JLaw began dating the Coldplay frontman, 38, last August after he and Gwyneth made the announcement that they had "consciously uncoupled" after 10 years of marriage.

But Chris and Gwyneth keep staying entangled, and spent this Valentine's Day together on

Chris, left, spent Valentine's Day with estranged wife Gwyneth, instead of with girlfriend Jennifer, who's been seen back with her ex, Nick, at right

"Jen and Chris got into a big fight over Nick, but Jen's standing her ground," said the insider. "She figures what's good for the goose is good for the gander!"

Jen first met Nick on the set of 2011's "X-Men: First Class." They'll soon begin filming "X-Men: Apocalypse."

The source added: "Jen's frustrated with Chris' unwillingness to commit. Now she's keeping her options open."

Young Bobbi Kristina doing drugs

# 'I supplied Bobbi Kristina with heroin ... **AND SHE PAID ME WITH SEX!**'

Sicko dealer boasts he also **sold drugs to Whitney**

**I**N A sick twist to the tragic tale of Whitney Houston's daughter, a self-proclaimed "drug dealer" said he supplied her with heroin in exchange for sex!

The foul-mouthed "mystery man" dropped the bombshell allegation about Bobbi Kristina Brown in a shocking video posted to YouTube.

The alleged dealer, inset right, says he sold to both daughter and mom, seen below in 2004

The creep also claimed he gave Bobbi Kristina an "eight ball" of cocaine the night before she was found unconscious in a bathtub, and sold cocaine to her late mother.

"I sell dope," the man announced in the video. "I been selling coke. I'm like the main supplier for Whitney Houston. I sold her plenty of cocaine."

Looking straight into the camera, he said: "I feel sorry for what happened. She [Whitney] passed away. Everybody want to blame the drug dealer, which is not fair."

Before Whitney's death in Feb. 2012, Bobbi Kristina "used to always hit me up," he alleged.

He refused to sell drugs to a minor, and sold to a friend of hers instead, he said.

But when Bobbi Kristina "did turn 18," he said, she "was coming straight to me." As The National ENQUIRER

has reported, Bobbi Kristina began abusing drugs at age 17.

The so-called drug dealer's claim that Bobbi Kristina was hooked on heroin was confirmed by The ENQUIRER.

As we recently reported, the mother of Bobbi Kristina's close pal Danyela Bradley – who was at Bobbi Kristina's house when she was found – claimed Danyela said: "Krissi does all the drugs that Whitney did and more – including heroin. She uses anything that is put in front of her."

Meanwhile, the mystery man claimed that as Bobbi Kristina's

struggle with drugs deepened, she paid him thousands of dollars for crack cocaine.

"She used to sit in my ... kitchen and she'd spend \$1,000 ... \$1,500 worth of crack. That girl would smoke from the morning to the afternoon to the night," he alleged in the video.

Disturbingly, he further claimed a desperate Bobbi Kristina traded sex for drugs.

"I had sex with her!" he claimed. "I gave her like 13 'dime rocks.' She smoked the hell out of them. I supplied her, she came through with money sometimes. Sometimes she didn't have money she come through with [oral sex]."

But the dirtbag tried to defend himself: "I just made sure she was feeling good..."

"I didn't force her to get high. She came to me, she was already a junkie.

"God bless Bobbi Kristina, but it ain't my fault, man."

Then the mother of two decided to slim down, and her fickle fiancé left her at the altar.

But now the big Arizona babe has found a new man who's eager to keep her packing on the pounds – all in the name of love!

**IN 2011, SUSANNE** made headlines announcing she wanted to weigh 1,610 pounds on her wedding day.

"I'm looking forward to pushing the limits and seeing just how fat I can get," she declared at the time.

With encouragement from her fiancé, chef Parker Clack, Susanne gobbled up to 30,000 calories a day.

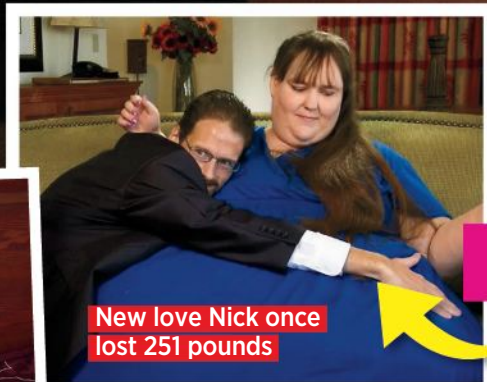

But when she appeared on "Dr. Phil" in May 2012, the TV shrink made a serious inter-

That meant Susanne was only half the woman that her fiancée wanted to marry, though. As Susanne puts it, the selfish chef "just split."

Surprisingly, Susanne wasn't happy with her new weight either.

"I felt absolutely tiny," she said, and was back up to 550 pounds by Nov. 2013, boasting on social media: "I've outgrown another

shirt! It won't even cover my blubberliciousness!"

Now Susanne, 38, is set to keep gaining with the support of new beau Nick Abbate – a chef, weight loss coach and nutrition writer who once lost 251 pounds himself!

**DESPITE HIS** now-healthy lifestyle, formerly morbidly obese Nick had been looking for a big girl on a dating website.

Nick has also made sure that Susanne exercises to maintain a healthy heart, while feeding her stacks of sandwiches and plentiful plates of pasta.

Now we're hoping Susanne still has that wedding dress, even though she wants to keep gaining enough weight to no longer fit into it.

And she insisted: "I'm ecstatically happy! I have it all!"

# The lone American taking on ISIS terrorists in Syria

**M**EET the fearless American hero who's waging a one-man war against the savage terrorists of ISIS!

Appalled by the lack of a U.S. military response to the thugs' horrific acts of murder and brutality against Americans and others, patriotic Wisconsin native Jordan Matson took matters into his own hands.

"I decided if our government wasn't going to do anything, I would!" declared the 28-year-old – and he did just that.

Jordan has been fighting shoulder-to-shoulder with Kurdish freedom fighters, known as the YPG, in Syria since September.

"I couldn't just sit and watch Christians being slaughtered anymore," he said. "These people are fighting for their homes, for everything they have."

Jordan was honorably discharged from the Army in Nov. 2007, and then worked in a food packaging plant near his Racine home.

Though he didn't serve overseas, he was disgusted to see ISIS [Islamic State of Iraq and Syria] terrorists capture so much territory earned with American blood during the Iraqi war.

"All the Americans that have died over there and paid their lives for that

"I couldn't live with myself letting that country fall, and all my brothers' lives be for nothing."

Determined to deliver some payback, Jordan began searching for a group that could use his military experience and passion.

"I was Googling the Syrian civil war looking for a military force fighting ISIS," he said. "I found the YPG on Facebook and contacted them."

The Kurds struggle financially, so Jordan saved enough money over six months to buy a plane ticket and to support himself for the three years he's committed to the cause.

"They don't pay me, but they treat me like family. If I need anything, they look after me," he said.

And that's what his new comrades are doing right now.

They're protecting him in a Syrian hospital as he recovers from a shrapnel wound to his foot suffered during a mortar attack along the Iraqi border.

Jordan boasted that during the battle, he "delivered an ISIS bastard to hell!"

Meanwhile, he continues to serve by recruiting more volunteer fighters through YPG's social media platforms. He's been contacted by former soldiers from Europe, America and Australia.

"ISIS has threatened all these countries," he said. "The veterans of those nations who love their countries don't want to sit by while this is happening."

For now, Jordan said he can't wait to return to action.

"Once I can put a boot back on," he said, "I'm back there."

**Romeo Misses A Payment** is a must-see film for anyone concerned with families, children and parental rights. Documenting the complicated and often lopsided world of divorce and child custody through the eyes of those affected most- children, parents and extended families- the film also features the expert testimonies of attorneys, judges and law officers who are caught up in the "business" of divorce.

Struggling with financing, time and patience Director Angelo Lobo and Producer Jeff Polinsky knew they must continue the journey of making **Romeo Misses A Payment** when the first of several suicide notes appeared in their inbox. Written by distraught parents being churned up in the divorce system, the filmmakers became determined to force an examination of standard divorce procedure in the U.S., where, in most cases, everyone loses—most especially the children. Sadly based on economic feasibility, **Romeo Misses A Payment** is a real look at the overwhelming devastation of the divorce industry and ultimately challenges America to protect families, aim higher, and find a better way.

**C**HRIS Soules of "The Bachelor" has handed out his final rose – and he's already spirited the winning girl back home to Iowa!

According to online "Bachelor" expert "Reality Steve," the lucky winner is Whitney Bischoff.

She sealed the deal with "Prince Farming" during a one-on-one date in Episode 7, sources said.

During the date, she met Chris' best friends. Her love rivals, including early frontrunner Britt Nilsson, never did.

Back in October, "Reality Steve" posted photos and a video taken by fans who spotted Chris and Whitney in Des Moines, Iowa.

The couple reportedly dined at a café with Chris' pals, and then checked out a mural depicting the pair which Chris had commissioned as a surprise for her.

A source said: "It was clear to

Her mother, Carol Singleton, died in 2005 due to complications from routine surgery. At the time, she'd been married and divorced twice.

Her father, Carl, lives outside of Louisville, Ky. Whitney now lives in Chicago, but hails

Whitney has even dropped hints that she won. On her Twitter page she wrote: "Kentucky raised, Chicago livin', Wannabe Iowan."

## SPECIAL REPORT

# FBI'S MOST WANTED WOMEN

Dirty dozen lethal ladies living life on the lam

**Y**OU might think of women as the fairer sex, but these lethal ladies would violently disagree. They're the wild women of the FBI's Most Wanted list - and every bit as bad as the menfolk when it comes to committing crimes and making mayhem. Check out 12

of America's most loathsome femme fugitives, including cold-blooded murderers, a sexual predator, proud sociopaths and assorted domestic terrorists. They were once wives, moms and college students. Now the dames of this dirty dozen lead a life on the run from the law.

### THE CUBAN REFUGEE

**JOANNE DEBORAH CHESIMARD**  
(67 YEARS OLD)

This former member of the Black Liberation Army describes herself as a "20th century escaped slave," but she really escaped the Clinton Correctional Facility for Women in New Jersey in November 1979, after being convicted on two murder charges - including the 1972 death of New Jersey State Trooper Werner Foerster. Chesimard (now known as Assata Shakur) took refuge in Cuba in 1984, where she presumably followed the music career of her step-nephew, rapper Tupac Shakur.

### THE ECO-TERRORIST

**JOSEPHINE SUNSHINE OVERAKER**  
(40 years old)

She'd been a midwife and a shepherd, but Josephine Overaker really found her calling as a full-time terrorist. The violent vegetarian started out in 1996 by using milk cartons to bomb rangers' stations in Oregon national parks. That was just the start of her violent stint with the extreme environmentalists of the Earth Liberation Front. Overaker is now a suspect in 17 different acts of eco-terrorism, including attacks on nuclear facilities and a Vail ski resort. She's officially on the run from a 2006 conviction on multiple counts of arson and terrorism.

### THE HOMICIDAL DRUNK DRIVER

**MUNEERAH ALI AL-TARRAH**  
(31 years old)

**Michigan-**born Muneerah Al-Tarrah was found guilty in 2005 of a drunken hit-and-run that killed 35-year-old Todd DeGain in Mesa, Ariz. She's living in Kuwait, but can't be extradited - especially with Al-Tarrah and her wealthy father having close ties to the royal family. Al-Tarrah's lawyers once asked an American judge to lower her fugitive status so she could travel to Europe for mental health treatments. The judge refused, but Al-Tarrah still lives a life of luxury while Todd's family waits for justice.

## THE SEXUAL PREDATOR

### DENISE HARVEY

(47 years old)

**This church-going married mom was convicted in 2008 of multiple counts of sex with a minor. Denise Harvey first met the 16-year-old male while watching her son play baseball. The illegal couple then had sex on at least five occasions - including couplings in the office where the pretty predator worked as a mortgage broker. Harvey fled to Canada to evade prosecution, and was arrested while hiding out in Saskatchewan in 2011. She convinced the Canadian government to grant her asylum on the grounds that she faced "cruel and unreasonable punishment" in the U.S.**

## THE TRAILER PARK WAITRESS

### HAZEL LEOTA HEAD

(65 years old)

**This waitress has a history of moving throughout the country, has been married as many as 10 times and has gone by more than two dozen other names. She is wanted for the 1998 murder of a man in Benton, La., who was shot in the back of the head while he sat in his trailer. Investigators said Hazel Head would meet men by taking out personal ads, hanging out at truck stops and traveling with drivers. She has been wanted since 1991 by Nebraska law enforcement on charges of burning down a boyfriend's trailer. Head should be considered armed and dangerous.**

## THE MANIPULATIVE MADAME

### AMPARO ALTAGRACIA MONTAS HERNANDEZ

(54 years old)

**She posed as a beauty salon owner, but Amparo Hernandez and son Eddy Vasquez were really harboring female illegal immigrants - and putting them to work as prostitutes to pay off the people who smuggled them into the States. She was arrested and charged with running brothels in Southwest Florida, and joined Eddy in fleeing the feds in August 2005 soon after they were indicted. Hernandez has a Dominican background, but strong ties in both New York and Boston.**

## THE CON WOMAN IN LINGERIE

### JULIEANNE BALDUEZA DIMITRION

(42 years old)

**She was a Hawaiian real estate mogul until February 2010, when the feds charged Julieanne Dimitrion and husband John with mortgage fraud. The would-be entrepreneurs had swindled money from distressed homeowners to fund their own lavish lifestyle - and Dimitrion made the papers when her extravagant expenses were found to include shoes, designer purses and lots of high-end lingerie. The couple was last seen at a church in Oahu on July 2, 2010, four days before they were scheduled to be sentenced.**

## THE HIJACKING REVOLUTIONARY

### CATHERINE MARIE KERKOW

(63 years old)

**She's the longest-standing fugitive on the FBI's Most Wanted list, with 43 years on the lam since Catherine Kerkow hijacked a Western Airlines flight in 1972. She was joined by accomplice Willie Holder as they terrorized plane passengers by claiming to have a bomb. The pair demanded \$500,000, and eventually allowed all the passengers off in San Francisco. The hijackers then flew the plane to Algeria, where they were granted asylum as activist members of the Black Panthers. Holder was caught after the pair entered France in 1975, but Kerkow's whereabouts remain unknown.**

## THE DEVIOS DECORATOR

### KAREN LYNN STRICKER

(57 years old)

**This insidious interior decorator defrauded victims of more than \$5 million during the late 1980s. She was indicted alongside her hubby Henry in 1992 on 30 counts of mail fraud, wire fraud, stolen property and obstruction of justice. The con-artist couple then promptly disappeared, with Stricker facing a \$7.5 million fine and 195 years in prison.**

## THE BRAZILIAN BLACK WIDOW

### CLAUDIA HOERIG

(50 years old)

**Major Karl Hoerig survived nearly 200 Air Force combat missions in Iraq and Afghanistan, but couldn't survive coming home to his wife, Claudia. Prosecutors charged her with murder in 2007, after her husband's body was found covered in a tarp at the bottom of the stairs in their home. There were two bullet wounds in the back of his head, and evidence showed that she had emptied the family bank account before fleeing to her native Brazil - where she continues to fight extradition.**

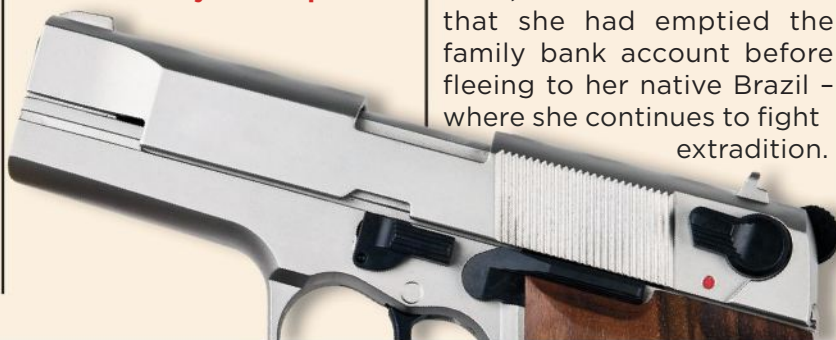

## THE SISTERS-IN-ARMS

### DONNA JOAN BORUP AND ELIZABETH ANNA DUKE

(62 and 75 years old)

**They're known as the "Thelma and Louise" fugitives - and these aging radicals have been on the run since 1981. That's when New Jersey native Donna Borup was accused of throwing acid into the eyes of a cop during an Anti-Apartheid demonstration in New York City. Texas-born Elizabeth Duke is wanted for an armored car robbery in NYC that same year. The FBI renewed the hunt in 2013 after sightings of the fugitives in the New Jersey/Pennsylvania area.**

# Just BROWS-ING!

## Catherine hits the town after an eye lift, say top docs!

**C**ATHERINE Zeta-Jones showed up at the "Saturday Night Live" 40th anniversary celebration with an eyebrow-raising look that made her seem younger than the show!

Now The National ENQUIRER's panel of experts – who haven't treated the Welsh beauty – say cosmetic procedures could account for the 45-year-old actress' youthful, new glow.

"She looks somewhat different, and this is due to the change of her eyebrow to a higher position, causing a different look to her eye," plastic surgeon Dr. Yoel Shahr told The ENQUIRER. "This can be created by surgical procedure to elevate her eye-

brow," he added.

And cosmetic doc Dr. Ramtin Kassir said Catherine has complemented the surgery with other treatments: "It seems that Catherine Zeta-Jones underwent some nonsurgical procedures, along with eyelid surgery.

"At 45, her skin is smooth and wrinkle-free, and her cheeks and lips appear to be fuller."

Dr. Anthony Youn, a board-certified plastic surgeon, also told The ENQUIRER Catherine "appears to have had extensive injections of injectable filler in her cheeks, causing them to look plump and quite different than before."

Dr. Kassir noted some other

nonsurgical procedures seem to have caught Catherine's eye!

"Her cheeks are now more prominent – they look full and more defined than before, which is a telltale sign of dermal fillers," he told The ENQUIRER.

"Her forehead is wrinkle-free, which points out that she had Botox, and her skin has a great complexion – probably due to lasers and/or chemical peels."

Added Dr. Youn: "Overall, she looks transformed, but I would stop short in saying that she looks better."

# PREZ & MICHELLE'S VALENTINE'S SNUB!

## She's alone as he sneaks off for golf with shady pal

**W**ITH divorce court on the horizon, First Lady Michelle Obama punished the "Commander in Cheat" for the second year in a row by refusing to be near him on Valentine's Day!

"Now it's like an unwritten

rule. Since Michelle doesn't love Barack, she's not spending Valentine's Day with him," a White House insider told The National ENQUIRER.

For the second straight year, President Obama jetted off to Palm Springs, Calif., for a golf getaway with high school pals, including Bobby Titcomb, who was once arrested in an undercover prostitution bust in Honolulu.

"Michelle won't spend the day with Barack, so he's rubbing it in her face by hanging with Bobby, who Michelle can't stand," said the insider.

As The ENQUIRER recently reported, Michelle has been in secret talks with her divorce lawyer, and a major issue in her filing concerns Titcomb.

"She wondered why the President would hang out with someone who solicits prostitutes," an insider said.

"She believes something shady is going on."

As we've also reported, Michelle is fed up with Barack's open flirtations with Hollywood A-listers, including Gabrielle Union, Kerry Washington and Beyoncé.

The First Lady drew up divorce papers before Barack's presidency, and The ENQUIRER has obtained official tax documents that detail the couple's finances, which will be included in her \$100 million split, according to sources.

Now maintaining the façade of a happy marriage has turned into a game for both of them.

After Barack wished his wife a Happy Valentine's Day at the end of his weekly radio address, Michelle tweeted her Valentine wishes to him, with a photo of the two in an awkward embrace.

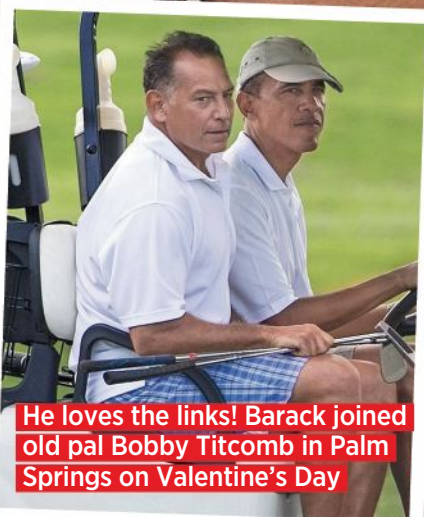

"Her staff pressured her into doing something," said the insider. "And it looks like she

# JULIA BREAKS DOWN OVER MOM'S DEATH

*They made peace after years of bitterness*

**J**ULIA Roberts made peace with her cancer-stricken mother on her deathbed, sources said.

The "Pretty Woman" actress' 80-year-old mom, Betty Lou Motes, lost her ongoing battle with lung cancer on Feb. 19 at St. John's Health Center in Santa Monica, Calif.

Mom-of-three Julia, 47, moved her mother into her home after the death of her half-sister Nancy Motes, who committed suicide at age 37 in Feb. 2014.

At the time, a source told The National ENQUIRER: "Julia put an end to the years of bitterness and ill will that characterized her relationship with her mother and her late sister, Nancy."

As The ENQUIRER has reported, Nan-

cy attacked Julia in online posts and accused the star of bullying her about her weight. The two also fought over Betty Lou's medical treatment.

After Nancy's tragic suicide, a leaked YouTube video diary message seen by The ENQUIRER revealed that Betty Lou loved Nancy more than Julia and didn't like her famous daughter.

Here's an excerpt of their heartrending conversation:

**Betty Lou:** "I love you more than I love anybody else in the world ... but I'll never admit it!"

**Nancy:** "It's not about who loves who more, it's about what's best for you, because obviously

Half-sister Nancy, left, and Julia with her mom in March 2014, above

Julia and I don't even like each other ... I mean, I love her, she's my sister, but I don't like her."

**Betty Lou:** "I don't like her very much."

With Betty Lou's death, a source said: "Now all that is in the past. It's time for Julia and her family to move on."

**STILL FIGHTING!**

*Kirk's dying wish to go to prison!*

**K**IRK Douglas has his family in an uproar as the 98-year-old plans to travel cross country to see his jailbird grandson!

Cameron, 36, the only child of actor Michael Douglas and ex-wife Diandra Luker, has been in prison for drug trafficking since 2010 - and won't be released until March 2017.

"Kirk's heart has ached for his grandson every day he's been behind bars," a family friend told The National ENQUIRER.

But Michael is begging his dad not to fly from Los Angeles to see Cameron at the Federal Correctional Institution in Cumberland, Md.

"Even Kirk's own doctors are advising against making such a trip," the friend added.

The stubborn screen legend is still showing his grit, and is planning to travel to Cameron in mid-March.

As the friend explained: "Kirk just isn't going to take the chance he might already be gone by the time Cameron is released."

Kirk "can't go on without seeing Cameron [right] one last time," sources say

# 'Please let me see my grandchild Dannielynn!'

Anna Nicole Smith  
mom's **heartbreaking**  
**deathbed plea**

**ENQUIRER  
EXCLUSIVE**

**I**N THE latest tragic twist to the saga of Anna Nicole Smith, the doomed super-model's mother is now on her deathbed – and spending her sad final days desperately dreaming of seeing her granddaughter before she passes!

Virgie Arthur is battling a rare form of cancer, with her condition worsening. The National ENQUIRER has exclusively learned.

Now the Playboy Playmate's mother is using her remaining strength to make a deathbed plea to visit Dannielynn one last time!

But the bizarre legacy of Anna Nicole continues to haunt 63-year-old Virgie – with

Dannielynn's father, Larry Birkhead, still bitter over her attempt to win custody of her granddaughter in a courtroom battle after the reality star's suspicious overdose death in 2007.

"Virgie has been sick for a very long time. Larry occasionally sent her photos, but hasn't allowed visitation because there is a lot of bad blood with her," a source close to photographer Larry confirmed to The ENQUIRER.

Virgie has been estranged from Dannielynn's father ever

Dannielynn with her mom, left, and her dad, Larry, inset, who is keeping his daughter from seeing Virgie, right

since Anna Nicole was found lifeless in a hotel room due to a lethal mix of prescription drugs.

The grandmother fought for custody of the then-infant, but lost her bid after a DNA test confirmed Larry was the girl's biological father – and he swore he would never share custody with Anna Nicole's family.

Sadly, Anna Nicole's dad, Donald Hogan, died of lung cancer in 2009 and also was unable to see Dannielynn, now 8 years old.

A family friend told The EN-

QUIRER that Virgie is currently in the hospital and has been in and out of a doctor's care since being diagnosed with multiple myeloma, an incurable cancer that affects blood cells in the bone marrow.

"It's day by day," claimed the source. "The minute they release her, she goes back in."

But despite the odds, the family of the blonde bombshell is still hoping Larry will have a change of heart – even as Virgie struggles to cling to life.

Said the insider: "It would be wonderful, but so far nothing has happened."

"Dannielynn's growing up and will want to know about her her mama's family – and if you just pray to God, it'll all work out."

**Burt - Bruce's only brother - is buried in Canton, Conn.**

**B**RUCE Jenner's tragic car crash early last month stirred up painful memories of the auto wreck that claimed the life of his younger brother decades ago.

"Bruce is still haunted by the horror of that, and this new crash has only made that horror worse," a source told The National ENQUIRER.

Just 18, Harold Burton "Burt" Jenner was killed soon after Bruce's gold medal-winning performance in the decathlon at the 1976 Olympics.

One of the gifts Bruce received following his triumph was a new dark silver Porsche - the same car that led to the tragedy.

On Nov. 30, 1976, Bruce,

then 27, handed the keys of his sports car to his sibling so Burt could take it for a spin in Canton, Conn.

**THOSE FAMILIAR WITH** the crash said Burt picked up a female pal at Canton High School, the same academy he'd graduated from just five months earlier.

On a hilly and winding country road, Burt lost control of the Porsche and crashed.

The accident killed him and his passenger, Judith A. Hutchings, 16.

"My wife was home at the time of the crash and rushed out of the house. She found the car totaled," Dan Keating, who still lives on the street where it happened, recalled

Bruce's Escalade rear-ended this white Lexus; the driver of the car perished, and Bruce looked dazed as he surveyed the scene

ng memories of Burt's death

to The ENQUIRER.

"The car veered across the road and hit a pole before it flipped and landed at the foot of our drive. Both passengers were ejected."

The victims were rushed to the hospital, but both died later that day. The two teenagers were buried in cemeteries a few miles apart.

Judith's still-anguished mother, Ruth Hutchings, now 77, told The ENQUIRER she remains angry at the Jenner family.

"I DON'T WANT to ever hear that name again," Judith blasted, in the wake of gender-transitioning Bruce's fatal four-car accident on the Pacific Coast Highway in Malibu.

The investigation into what happened on Feb. 7 is ongoing, with police believing the reality TV star's Cadillac Escalade rear-ended a white Lexus sedan in front of him, and one of those vehicles rear-ended a Toyota Prius.

The driver of the Lexus, Kim Howe, 69 – a neighbor of the Kardashian-Jenner clan in Calabasas, Calif. – died at the scene. Bruce, 65, was unhurt and able to walk away.

"All these years later, his brother's death still upsets him, and Bruce's crash brought it up again," said the source.

Bruce has called the accident "a devastating tragedy."

## JENNER AS A WOMAN!

Bruce's parody spoofed another NBC series, "The Mandrell Sisters"

FIRST OUTING  
IN DRAG!

HERE he – or she – is! The National ENQUIRER tracked down the first exclusive photo of Bruce Jenner dressed as a gal in public. And we had to go all the way back to 1981 to find the long-buried picture.

As the Olympic hero makes plans to reveal his feminization to Diane Sawyer in an upcoming interview, this image shows Bruce enjoyed dolling himself up as a drag queen decades ago!

It was all for a Bob Hope special that aired on NBC.

Bruce, Bob and macho NFL star Merlin Olsen donned wigs, flaming red gowns and heels for a skit called "The Mandrake Sisters."

"The skit could be the end of my career," comedy legend Bob joked at the time.

"Little did Bob know that years later Bruce would be cross-dressing in real life, and considering going all the way with sex-change surgery!" a source told The ENQUIRER.

As we've reported, Bruce has undergone numerous plastic surgery and cosmetic procedures to transform himself into a female.

# WHY CLOONEY MAKE IT T

George on the red carpet in 2010, showing off his flask

**W**ITH his powerhouse new bride at his side, George Clooney is expected to launch a political career, but insiders have told The National ENQUIRER the Hollywood heartthrob will never make it to the Oval Office!

The 53-year-old actor is a humanitarian activist and Democratic supporter, who cemented his political credentials by marrying human rights attorney Amal Alamuddin.

"George has big ambitions and aims to get into politics imminently," said a source. "He wants to do more humanitarian work and hopes to join the Democrats' 2016 election campaign."

George tied the knot with lawyer Amal in Sept. 2014

# NEY WILL NEVER O THE WHITE HOUSE!

■ Marriage to lawyer Amal  
‘a political move’

■ He prefers booze to sex,  
says ex-lover

■ Cocaine and Quaaludes  
were okay, he admits

But the Oscar winner's White House hopes will be torpedoed by his double life of drugs, boozing, womanizing and secret criminal connections, sources claimed. "Surprisingly, it's an even-money bet on what George likes better - alcohol or sex," said an insider.

**ONE WOMAN, WHO** claimed to be "The Descendants" star's ex-lover, said he preferred booze to intimacy. "George and I would drink all night, doing shots of Jagermeister mixed with beer and vodka," model Kim Weiant confided in an interview.

"George loved drinking more than he liked being with

me sexually."

The "Gravity" star himself revealed booze and drugs have been part of his life for a long time. "Drugs and chasing girls - that was college for me," said George, who dropped out of Northern Kentucky University.

"I would visit class every once in a while and stop by and go: 'How's everybody doing?'"

"I was there for three years and I was a freshman when I left. I was lousy at it. I partied a lot, got drunk a lot. All the designer drugs were okay - Quaaludes and cocaine," he revealed in an interview.

Booze clearly remains a big part of his life. "I absolutely know how to have a good

time," George admitted.

"It's just that at my age, my recuperative powers aren't what they used to be."

**THE BIG-SCREEN** hunk shocked Tinseltown when he once brazenly flashed a shiny flask on the red carpet at an Oscars ceremony.

"George had no qualms about opening his tux to reveal his silver drink container," said a source. As the awards show dragged on, the star looked more surly as he sipped from his personal supply, said sources.

George's boozy get-togethers with pals like Brad Pitt are legendary. Actor Danny DeVito seemed tipsy on "The View" in 2006, and blamed

downing the Italian liqueur limoncello with George. And after polishing off a bottle of their tequila, Casamigos, with his pal and business partner Rande Gerber, George was so blasted that he slept in Rande's guest bedroom.

"I've just decided to live life well and enjoy it. I can drink with the best of them," George has declared.

**HE ALSO ENJOYED** a legendary list of lovers - before deciding to make the politically astute move of marrying 37-year-old Amal, a Lebanon-born British lawyer with a roster of high-profile ►

international clients.

But George readily admits some previous relationships were disastrous. "I have been infinitely more alone in a bad relationship – there's nothing more isolating. I have been in places in my life where that has existed," he said.

So it should come as no surprise that, as *The ENQUIRER* has reported, George cheated on his wife!

**EX-PORN STAR** Ginger Lynn Allen recently opened up to *The ENQUIRER* about her steamy six-month romance with the silver-haired fox.

"George told me that he was divorced," Ginger, 52, said in a world exclusive interview. "It never crossed my mind he would cheat!"

At the time of their tryst, George was still legally married to actress Talia Balsam.

His womanizing has pulled him into law enforcement investigations at least twice.

In 2005, federal agents looking into mob racketeering and extortion in Las Vegas

The "Ocean's Eleven" star toasting with Rande Gerber to their own brand of tequila. Inset, with his buddy Brad Pitt

questioned George about his friendship with Rick Rizzolo, owner of the notorious Crazy Horse Too strip club.

Rizzolo had given George free access to the club to film scenes for "Ocean's Eleven."

In 2011, "The Monuments Men" star found himself on

the witness list for the trial of Italy's Prime Minister Silvio Berlusconi, 78, who was accused of hiring an underage hooker to entertain at orgies dubbed "bunga bunga" bashes.

George was yanked into the shocking affair after a party

girl boasted she spotted the star and his Italian lover, Elisabetta Canalis, at one of the politician's parties. But the former "ER" doc denied it.

**DESPITE HIS GLITTERY** career, George confessed in 2011 he considered taking his own life after injuring his spine while filming "Syriana" in 2005.

"I was at a point where I thought, 'I can't exist like this. I can't actually live,'" he said in an interview. "For a short three-week period, I started to think, 'I may have to do something drastic.'"

George eventually had surgery to fix a leak in his spinal cord, but he briefly considered a grimmer fix. "You start to think in terms of, you don't want to leave a mess, so go in the garage, go in the car, start the engine," he continued.

Added the insider: "The public George Clooney is not the real man, it's just a cover hiding his twisted double life."

## HIS LUST LIST, THE STARS & THE STRIPPERS IN HIS LIFE!

**G**EORGE Clooney's long had a passion for strippers, including one named Zena! In his bachelor days, the "ER" doc frequented the Los Angeles strip joint 4 Play, and routinely showered the ladies with cash.

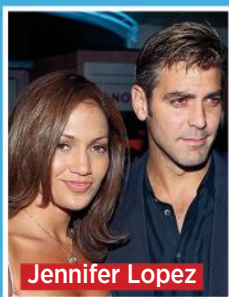

"He was throwing around \$100-bill tips like they were quarters," said one dancer.

His lust list of Hollywood conquests includes Oscar winner Renée Zellweger, Jennifer Lopez, Nicole Kidman, Michelle Pfeiffer and his longtime galpal Julia Roberts.

A source said: "Michelle left him a constant state of sexual arousal when they made a movie together."

■ LETHAL COCKTAILS OF PRESCRIPT

**R**OSIE O'Donnell wrecked her marriage when she "went nuts" in a Thanksgiving Day tantrum fueled by booze and drugs!

In a blockbuster world exclusive, *The National ENQUIRER* can reveal the untold story of Rosie's relationship-ending meltdown, which left terrified wife Michelle Rounds locked in a bathroom and fearing for the safety of both herself and their 2-year-old daughter.

Multiple sources have confirmed the shocking incident took place last November at Rosie's home on Casey Key - north of Sarasota, Fla. - with raging Rosie throwing a holiday tantrum in front of Michelle's visiting relatives!

**THE DINNER DISASTER** began when the former television host announced to several guests that she was planning to divorce Michelle. "Everyone was pretty much floored, after having been invited to Florida for the holiday," said one insider.

"At the meal, Rosie just

remained stone silent. It was uncomfortable for everyone."

Finally, Michelle dared to confront Rosie about her talk of ending their marriage.

A source said: "Rosie went into a rage. Her screaming was loud enough for everyone to hear."

That's when Michelle locked herself in the bathroom, as her rampaging wife repeatedly screamed at her: "Where's the

**ROSIE WASN'T FINISHED** ruining the holiday, though - she ended up crashing into one of the family members' cars!

"Rosie had been taking her usual meds and drinking wine all night. She decided she was going to spend the night in a hotel, but left while clearly in a drunken stupor," said another insider.

"Rosie eventually came back to the house, but - either on her way to the hotel, or when she returned - she hit one of the cars belonging to Michelle's family."

The family then witnessed the same kind of savage mood swing that had characterized the comic's second stint host-

Said one source: "Michelle knew the marriage was over right then and there. She loved Rosie, but she could no longer live this way. Michelle was scared stiff and spent the night sleeping on a towel, locked in the bathroom!"

Meanwhile, Michelle's embarrassed family was "mortified" by Rosie's behavior. "She

ing "The View."

"In a bizarre ending, Rosie acted as if nothing had happened," explained one insider. "She just mentioned that the whole group would be going on a boating expedition the next day, and instructed someone to make sandwiches for the trip."

"Rosie said, 'Make mine roast

beef, but hold the mustard!' That's the last thing Michelle's family heard from her."

They weren't interested in hearing anything more.

"In the morning, the family headed to the airport as fast as they could," said a source.

Studio spies and family friends claimed that Rosie's

wrath had been building from months of fighting on “The View.”

“Rosie had been self-medicating. In addition to taking drugs for a heart attack and for depression, she was also regularly smoking marijuana, and drinking about a bottle of wine a night!” an insider said.

**THE ENQUIRER** exclusively reported in January that the couple’s marriage was headed for a divorce.

Only weeks later, Rosie’s publicist issued a statement saying Rosie was leaving “The View” and that she had split from Michelle in November, adding that Rosie “is putting her personal health and family first.”

Asked to comment about the allegations in this story, the publicist, Cindi Berger, said: “This is absurd!”

The 52-year-old former talk show host met gorgeous executive search consultant Michelle in 2011, but the relationship faced problems almost from the start.

Michelle was diagnosed with rare desmoid tumors, and the devastating illness forced the pair to postpone their nuptials.

They finally married in a pri-

vate ceremony in June 2012 – but Rosie suffered a heart attack and underwent coronary surgery just two months later.

The newlyweds adopted infant Dakota on Jan. 5, 2013. Rosie has four other children from previous relationships.

Said one concerned industry veteran: “Rosie needs help, or she’s going to completely destroy herself.”

## SHE’S PUSHING THE SELF-DESTRUCT BUTTON!

ROSIE’S “self-destructive” lifestyle and reliance on drugs and booze is putting her health in grave danger – a top medical expert told **THE ENQUIRER**!

Dr. Stuart Fischer, who hasn’t treated the star, said: “She’s risking her life with this counterproductive bad lifestyle, particularly after suffering a heart attack.

“She’s at risk of another if she continues excessively drinking on top of her prescribed meds.”

The physician added that the “recommended amount of wine per day for cardiac benefit is only one glass,” instead of the bottle a night that Rosie is reportedly downing.

And in addition to her heart woes, Rosie has undergone gastric bypass surgery in a desperate attempt to stem her morbid obesity – with the troubled comic weighing as much as 300 pounds in the past.

# MOTHER OF ALL WARS OVER BABY DAKOTA

**R**OSIE O'Donnell and her estranged wife have an ironclad prenup, but a \$100 million divorce battle is brewing over their adopted daughter Dakota – and Rosie’s lesbian philandering!

The **ENQUIRER** has learned there could be a vicious baby battle in the courtroom, with Michelle Rounds getting ready to claim full custody of the 2-year-old.

“Rosie seldom changed diapers or fed little Dakota,” revealed a source.

“Michelle is the exact opposite. She’s embraced motherhood, and friends think the child is better off

away from Rosie and all her problems.”

In another troubling twist for the former talk show host, the couple’s friends are preparing a “secret divorce file” as possible ammunition against the outspoken star.

“In addition to Rosie’s apparent booze and drug problems, it’s also surfacing that Rosie is a ‘serial cheater,’ and may have even had a secret love nest in New York City!” said the insider.

“The cheating – with at least two different women – goes back to Rosie’s first marriage with wife Kelli Carpenter. This divorce has the makings of getting real dirty!”

“It’s no secret that Leo is Jack’s heir apparent, and Jack knows this,” our insider said. “Now he’s hoping Leo finds someone to love, instead of constantly trading one young beauty for another.”

## Why Nori can't stop crying!

**L**ITTLE North West’s meltdowns during New York Fashion Week point to a scary reality – she barely knows her parents!

The 20-month-old wailed like a banshee in mom Kim Kardashian’s arms while watching daddy Kanye West unveil his new clothing line with Adidas.

“Kim leaves Nori with a nanny a lot, so she isn’t used to this much time alone with mommy and daddy,” a Kardashian

family insider told All The Buzz.

“It’s obvious Nori’s way more comfortable with the nanny than with Kim and Kanye,” said another source. “She cries wherever they go.”

North’s been trotted around like a promotional prop by the pair, and the results have been a disaster, pals said.

“It’s been backfiring left and right,” said the insider. “It’s obvious Nori doesn’t want to be there.”

**B**EST buds Ben Affleck and Matt Damon are dueling over the role of a lifetime - playing blue-eyed superstar Paul Newman in a new biopic.

The acting legend was an inspiration to the Boston-raised stars and they both want the lead.

"It's not like this is going to end their friendship, but they're trying to figure out a fair way to see who gets the role," said a pal. "Ben wants to play poker for it, but Matt knows Ben is the better player. So Matt is suggesting chess, but Ben knows Matt has the edge there. So for now they're at an impasse."

While Ben hopes the flick will focus on Paul's charity work, the source said: "Matt wants a lot of racing because he wants to get behind the wheel!"

"May our hands be clasped forever, Our promised  
loyalty not stray, Our hearts forever joined in love,  
And good fortune fill our days"

**S**TEVIE Nicks bought enough cocaine – \$1 million worth – to melt a hole in her nose so big she once boasted she could loop a “gold ring ... with diamonds” through it!

That’s just one of the amazing revelations about the rock goddess’ out-of-control drug addiction in the bombshell new tell-all, “Stevie Nicks: Visions, Dreams & Rumours.”

“It’s so painful. I curse the day I ever did cocaine,” the Fleetwood Mac beauty confessed in the tome, obtained by The National ENQUIRER. “Nothing really works in my head right now.”

The “Rhiannon” singer, now 66, describes nosebleeds, blackouts, a cratering career and a doctor warning of brain hemorrhage, or “even an early grave.”

Referring to the height of her romance with cocaine during the 1980s, Stevie told author Zoë Howe: “[He (the doctor)

said], ‘It could be the next time you do cocaine. It won’t be pretty.’ It absolutely scared me to death.”

Despite that, the legendary songbird couldn’t stop using, describing the drug-induced euphoria she experienced as “being swept up on a white horse by a prince. There was no way to get off the white horse and I didn’t want to.”

Stevie said her drug use started when a “toot now and then relieved the boredom of long hours in the studio,” as drummer Mick Fleetwood put it.

“Every night [tour manager John] Courage would pour the usual amount of cocaine onto the back of every wrist before the show, the bottle-caps of coke lined up in the wings,” she claimed.

During a tour of Europe, the band leased a posh private train to avoid drug searches by customs officials.

Stevie’s drug use led to an intervention by family members and Mick, her bandmate and former lover, after a 1986 show.

The “Dreams” singer reluctantly checked into the Betty Ford Clinic in Palm Springs, Calif., under the alias “Sara Anderson.” According to the book, she’s convinced she would have died if she hadn’t stopped her drug use at that time.

Stevie said: “I believe there have been angels with me constantly, or I wouldn’t be alive.”

# YOUR HEALTH

BY DR. STUART FISCHER, GIA PORTFOLIO & LAURIE MILLER

## RAYNAUD'S: THE COLD, HARD FACTS

If your fingers or toes hurt when exposed to cold, you may be suffering from Raynaud's syndrome, an exaggerated sensitivity to low temperatures. Raynaud's plagues 28 million in the U.S. – most of them women. It's due to hyperactivity in the nervous system and causes artery spasms.

Attacks can be dangerous if the blockage is severe. To feel better, avoid caffeine, don't smoke and dress for the cold in layers – including gloves and thick socks.

## LADIES: STAMP OUT FOOT PAIN

Katie Holmes developed hammertoes from ill-fitting shoes. Don't suffer the same fate. Use this stretch exercise from Susi Hatelly, founder of Functional Synergy Yoga Therapy: 1. Kneel and tuck your feet so you're on your toes. Sit back, with your hips on heels. 2. Untuck, so the tops of your toes are on floor, and feet are perpendicular. Hold for 30 seconds.

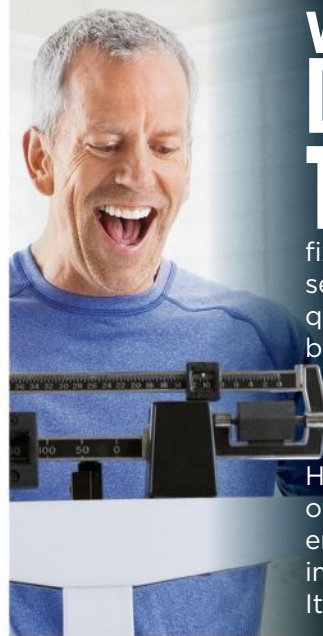

## HEALTH NEWS YOU'LL USE

## YOGA FOR HEADACHES

**S**OME headaches cannot be quelled by medication. “That kind of headache is almost always caused by tension in the upper back and shoulders,” said Dr. Jyotsna Sahni. Elle Macpherson practices yoga and meditation to help with migraines. When you feel those first familiar tabs, try the “Puppy Pose.” Unclench your jaw by lightly touching the tip of your tongue to the roof of your mouth behind your front teeth. Then drop to all fours with your back straight. Slide your hands forward and lower your forehead to the floor, keeping your hips elevated. Hold for 10 deep breaths. This releases tension from your shoulders and back. Repeat three times, twice a day. Feel better!

## WEIGHT LOSS DEBATE: DIET VS. EXERCISE

**T**HOUGH it's possible to lose weight with diet or exercise alone, the best strategy uses both. If you want a quick fix, dieting may be the way to go. Some research suggests people lose weight more quickly when they cut calories rather than burning them. “Exercise is not necessary for weight loss; however, the only way to keep it off is regular, challenging exercise,” said Dr. Stuart Fischer. However, “Many dieters exercise, then overeat afterward. That negates the exercise. Also? Strength training is more important for weight loss than cardio. It converts fat to muscle.”

## BEWARE FOODS THAT CAN BURN

While most people know acidic foods cause heartburn, there are other foods that cause inflammation. In chronic inflammation, the immune system mistakenly attacks normal cells, and the healing process becomes destructive. Agave, frozen yogurt, barley, rye and peanuts are among the lesser-known culprits.

“Inflammatory chemicals in food cause asthma and may lead to arthritis, ulcers, Alzheimer's disease or even heart attack!” said Dr. Stuart Fischer. “Check for artificial additives or high sugar levels that could cause hormone dysfunction and eventual inflammation.”

## BRING BACK BUTTER!

Julia Child was the original celebrity chef, and she spent the 1960s and '70s proclaiming, “It's always better with butter.” By 1983, however, the dairy product got a bad name and experts were warning butter was a big factor for heart disease. Now a new generation of experts is giving a big “but” to butter fears, suggesting the rise of low-fat and low-cholesterol products can encourage obesity by getting dieters to eat more carbs – like toast loaded with margarine.

# HEADING OFF HEART DISEASE

Smart ways to stave off killer complications

*"I stood at the crossroad of life and death if I didn't have open-heart surgery. But here's the good news: 80 percent of heart disease is preventable."*

**Barbara Walters**

**D**ELOVED TV journalist Barbara Walters spotlighted the dangers of heart disease for women when she had surgery to replace a faulty aortic valve in 2010. Heart disease is the leading cause of death for women in America.

"For one-third of people who suffer a heart attack, the first 'sign' is sudden death! Prevention of heart disease entails correcting all risk factors," said Dr. Stuart Fischer. Here are some life-saving avoidance strategies.

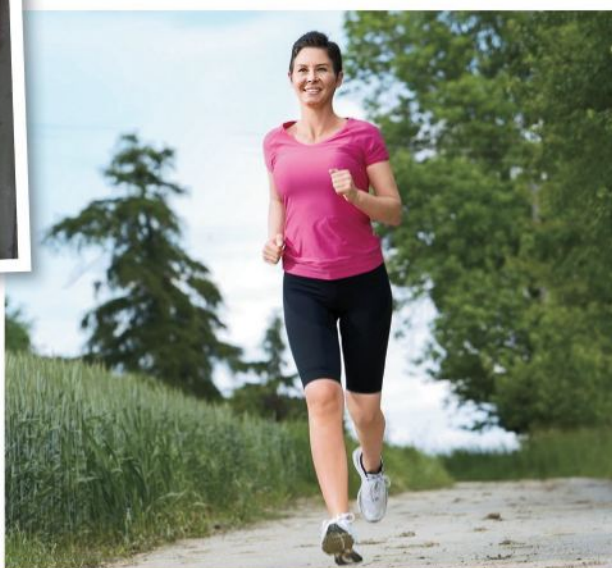

## 1 KEEP IT DOWN!

"Obesity and resulting high blood pressure are probably the biggest risk factors for cardiac failure." Maintain a healthy diet to keep your weight, blood pressure, blood sugar and cholesterol at healthy and controllable levels.

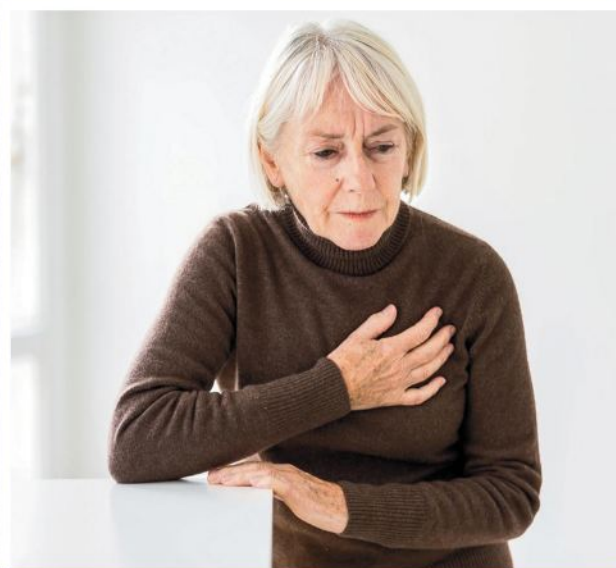

## 2 PUT IT OUT!

"Smoking greatly increases the chance of heart disease. Your doctor can prescribe medication to help with nicotine withdrawal and suggest alternatives. You can also find effective over-the-counter products, including nicotine patches, lozenges and gum."

## 3 KEEP IT MOVING!

Exercise for 150 minutes of moderate-intensity aerobic physical activity [like brisk walking] per week, or 75 minutes of vigorous aerobic physical activity [such as jogging or running]. Add muscle-strengthening activities two or more days a week.

## 4 TAKE IT SERIOUSLY!

Dial 911 if you experience any of the following: pressure, squeezing, fullness or pain in your chest; pain or discomfort in one or both arms, the back, neck, jaw or stomach; shortness of breath, cold sweat, nausea or lightheadedness. A delay could be fatal.

# CRYPTOGRAM QUOTES

## FAMOUS QUOTES FROM YOUR FAVORITE PEOPLE

Cryptograms are coded messages. To solve the Cryptogram, each coded letter must be replaced by the answer letter in the box overhead. When you solve the code for a letter, write the answer letter in the box everywhere the coded letter appears. Look for common words and letter patterns to break the code. Words like AND, I, THE and A are found frequently. Common word endings are ING, S and E.

## ASK THE VET

WITH DR. JEFF LACROIX

Owning a pet can be a rewarding but often puzzling experience. ENQUIRER columnist, top veterinarian Dr. Jeff LaCroix, answers the toughest questions about your four-legged friends.

**DOG'S CONSTANT SKIN RASH** My Yorkie has terrible skin. A vet said she had a staph infection and put her on antibiotics. That cured it for awhile, but now it's back. Can we remedy this permanently?

This is not a problem caused by bacteria [Staphylococcus] looking for a dog to infect, but by a bacteria found in the skin of most dogs. Normal body-defense

mechanisms that prevent these organisms from infecting the skin have failed in your dog's case. The problem responds to antibiotics, but the drugs do nothing to prevent a subsequent infection.

In addition to the frequent use of a bactericidal shampoo, you should ask the vet if vaccination with staph toxoid might provide a long-term solution.

Send your pet questions to Ask The Vet, National Enquirer, P.O. Box 1831, New York, NY 10156 or email letters@nationalenquirer.com

## HOW TO PLAY

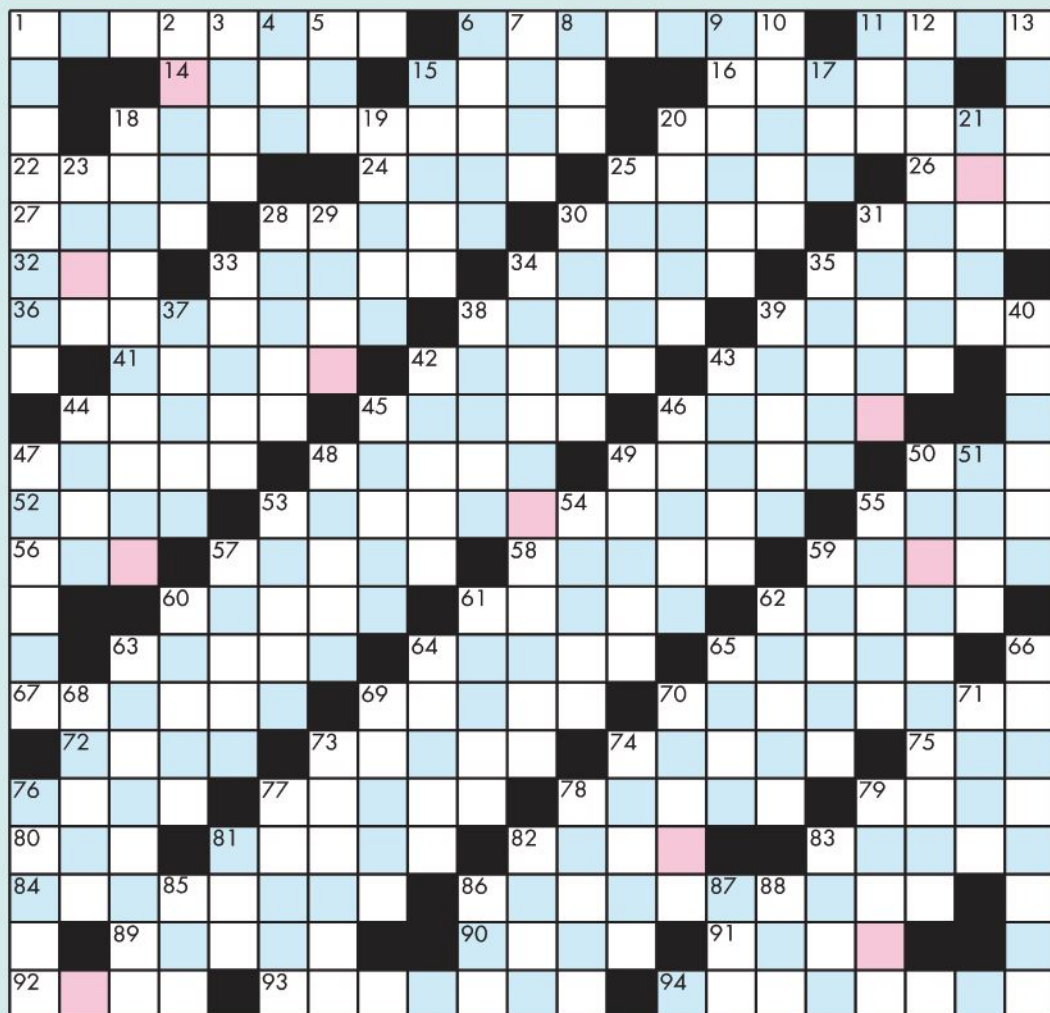

You must fill in every empty square in the Sudoku grid. There's no right way of going about this, but there is only ever one solution. The big grid is split into nine mini-grids. There are nine rows running left to right and nine columns running down. In every row, you must have each of the numbers 1, 2, 3, 4, 5, 6, 7, 8 and 9. These can be in any order. The same applies to columns and mini-grids: place every number 1 through 9 in each column and in each mini-grid.

It's not for the chill: Sweaters – as modeled on these penguin toys – help the birds recover after an oil spill

THE ODD LIST

# KNIT WORK NEWS!

**A**USTRALIA'S Alfie Date may be the oldest man on the continent, but he's got young hands and a very warm heart!

The 109-year-old has been a dedicated knitter for more than 80 years. He first picked up a pair of needles when his sister-in-law enlisted him to make sweaters for his baby nephew way back in 1932.

That nephew is now a grandfather himself, and Alfie is not only the proud grandfather of 20 kids, but also the great-grandfather of roughly the same number – though he suspects he “might have more!”

Despite his lifelong dedication to family life, Alfie continues to devote time to his humanitarian work.

When a horrific 2013 oil spill injured hundreds of “little penguins” – a tiny species found only in Australia, New Zealand and Phillip Island, located in the sea be-

tween those countries – a call went out for the kind of help Alfie was particularly well-qualified to heed.

The Phillip Island's Penguin Foundation was looking for folks to knit sweaters to save the oil-covered flightless birds – and the nurses at Alfie's assisted-living facility knew just the man for the job!

“The girls who used to work for me, they'll tell you I'm a sucker. I can't say no,”

said Alfie, who immediately knitted copious amounts of cozy jumpers

for the besmirched birds.

And while Alfie's emergency outerwear makes a spectacular fashion statement, the real purpose is to keep the fastidious fellas from preening

themselves and swallowing the toxic oil.

“A patch of oil the size of a thumbnail can kill a little penguin,” according to the foundation's website.

Nearly 500 of the little guys were killed by oil from a similar spill in 2001.

The sweaters can also protect the wildlife if donned before a spill.

Alfie, meanwhile, remains hooked and is continuing to stitch himself into Australia's advanced-age Hall of Fame.

The foundation has since named Alfie its “most senior jumper knitter,” but didn't know at the time he was also the oldest man in Australia!

“It's a good way of getting along in life,” Alfie pointed out about his addiction to needles. “You make friends all the time, and you don't make a fool of yourself.”

And that's how Alfie wove himself into this week's Odd List!
